DERMASILK BIBLIOGRAPHY – POSTER PRESENTATIONS

Onco-Dermatology

32. Fabbrocini G, Panariello L, Caro G et al. *“Antimicrobial silk clothing as an adjuvant tool in the treatment of chemotherapy-induced skin reactions.”* Poster presentation 22° Congress of the European Academy of Dermatology and Venereology, Istanbul 2013
33. Mirri MA, Ciabattoni A, Ciccone V et al. *“Valutazione dell’efficacia della seta medicata per uso topico nelle reazioni locali acute in pazienti oncologici sottoposti a radioterapia.”* Presentazione poster al XXIII Congresso dell’Associazione Italiana Radioterapia Oncologica, Giardini Naxos-Taormina 2013.

Atopic Dermatitis

34. Piccirillo F, Bondino S, Trink A et al. *Valutazione dell’efficacia di una seta medicata nel trattamento della dermatite atopica in bambini ed adulti.* Presentazione Poster al 48° Congresso Nazionale dell’Associazione Dermatologi Ospedalieri Italiani, Venezia 2009.
35. Henricsson et al. *“Effect of therapeutic silk (DermaSilk®) in the treatment of children with atopic eczema.” A report of 11 cases in Sweden.*

Vulvar diseases

36. Gaspari V, Banzola N, Viridi A, D’Antuono A *“Un Tessuto Terapeutico per le Patologie Vulvari Studi Clinici Pubblicati”* Presentazione Poster al Congresso Nazionale SIDeMaST, Parma 14-17 maggio 2014.
37. Betto P, Barba A, Belloni Fortina A et al. *“DermaSilk®, una terapia alternative per patologie vulvari ricorrenti.”* Presentazione poster all’81° Congresso Nazionale della Società Italiana di Dermatologia e Malattie Sessualmente Trasmesse, Torino 2006.

DERMASILK BIBLIOGRAFY – LABORATORY TESTS

38. V. Sambri et al. *“In vitro evaluation of the bio-activity of different fabrics for underwear against Lactobacillus acidophilus, Staph. epidermidis, Staph. aureus and Candida albicans”* Department of Haematology, Oncology and Microbiology - Bologna University; Poster Presentation EAACI 2009 Warsaw.
39. P. Mandrioli *“Chemical Test: Certifies that the polymerised antimicrobial on DermaSilk silk knitwear does not leach”* CNR – Istituto ISAC – Bologna.
40. P. Mandrioli *“Microbiological Test: Certifies that the polymerised antimicrobial on DermaSilk silk knitwear does not alter the natural bacterial flora of the skin”* CNR – Istituto ISAC – Bologna.
41. P. Mandrioli *“Microbiological Test: Certifies that the polymerised antimicrobial on DermaSilk silk knitwear performs a biocide action against the fungus Malassezia Furfur”* CNR – Istituto ISAC – Bologna.

42. P. Sadocco *“Evaluation of antibacterial properties of textiles with ASTM E2149-01: quantitative evaluation of antibacterial activity of textiles; evaluation of antimicrobial agent leaching from textiles in water solution”*
The Italian Pulp and Paper Research Institute, Test Report N. 791, Jan 2007.
43. P. Sadocco *“Evaluation of the antimicrobial release with AATCC 147-1998 method.”* Test N° 010327/1,
Stazione Sperimentale, Milan, Jul 2001.
